

## metroSTOR PBE-Series Bin Locking Enclosures

Developed as the cost-effective waste and recycling hub for on-street locations, metroSTOR PBE ensures that the common issues with communal wheeled bins being employed in crowded residential streets, parking areas and other urban environments can be avoided economically and without undue impact on the street scene.

These issues can include causing obstructions to foot traffic, being pushed or blown into parked cars, or otherwise be blocked in by vehicles. Being lockable, the metroSTOR enclosures also address fire risks associated with unsecured bins. The metroSTOR PBE ensures bin containers are always secure and accessible for bin crews and users alike.

All-steel manufactured for long term reliability and the accuracy of advanced manufacturing processes ensure a swift installation every time.

Frames are designed to be replaceable should they become damaged over time. Other features incorporated in the product design include height adjustable base plates for ease of levelling up the unit, integral lid restricting bar so that bin lids cant blow open and a highly durable side hinged gate with locking options.

metroSTOR PBE is manufactured as standard in Anthracite Grey with colour options available to order. The units are designed to be fitted in series or individually to accommodate a variety of site layouts. Manufactured in two sizes for 4 wheeled bins and also food waste containers

## Product Capacity & Dimensions

### PBLE 140L - 360L

Model	Capacity	Depth (mm)	Width (mm)	Height (mm)
<b>PBLE 1</b>	1x 140L-240L	820	710	1280
<b>PBLE 2</b>	2x 140L-240L	820	1330	1280
<b>PBLE 3</b>	3x 140L-240L	920	2170	1530
<b>PBLE 4</b>	4x 140L-240L	920	2790	1530
<b>PBLE 5</b>	5x 140L-240L	920	3510	1530
<b>PBLE 6</b>	6x 140L-240L	920	4130	1530

### PBE 660L - 1280L

Model	Capacity	Depth (mm)	Width (mm)	Height (mm)
<b>PBE 1</b>	1x 660L-1280L	1310	1540	1620
<b>PBE 2</b>	2x 660L-1280L	1310	3030	1620
<b>PBE 3</b>	3x 660L-1280L	1310	4530	1620
<b>PBE 4</b>	4x 660L-1280L	1310	6020	1620
<b>PBE 5</b>	5x 660L-1280L	1310	7510	1620
<b>PBE 6</b>	6x 660L-1280L	1310	9010	1620
